

UNIT 24

(SEE PAGE 135 FOR UNIT 24 MAP)

This unit consists of the Koyukuk River drainage upstream from but not including the Dulbi River drainage.

Special Provisions:

- The **Dalton Highway Corridor Management Area** is closed to the use of motorized vehicles, except aircraft and boats, and to licensed highway vehicles, snowmobiles, and firearms except as provided below. The Area consists of those portions of Units 20, 24, 25, and 26 extending five miles from each side of the Dalton Highway from the Yukon River to Prudhoe Bay. The use of snowmobiles is authorized only for the subsistence taking of wildlife by residents living within the Dalton Highway Corridor Management Area. The use of licensed highway vehicles is limited only to designated roads within the Dalton Highway Corridor Management Area. The use of firearms within the Corridor is authorized only for the residents of Alatna, Allakaket, Anaktuvuk Pass, Bettles, Evansville, Stevens Village, and residents living within the Corridor.
- The **Kanuti Controlled Use Area** is closed during moose hunting seasons to the use of aircraft for hunting moose, including transportation of any moose hunter or moose part; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the controlled use area or between a publicly owned airport within the area and points outside the area. The Area consists of that portion of Unit 24 bounded by a line from the Bettles Field VOR to the east side of Fish Creek Lake, to Old Dummy Lake, to the south end of Lake Todatonten (including all waters of these lakes), to the northernmost headwaters of Siruk Creek, to the highest peak of Double Point Mountain, then back to the Bettles Field VOR.
- The **Koyukuk Controlled Use Area** is closed during moose hunting seasons to the use of aircraft for hunting moose, including transportation of any moose hunter or moose part; however, this does not apply to transportation of a moose hunter or moose part by aircraft between publicly owned airports in the controlled use area or between a publicly owned airport within the area and points outside the area; all hunters on the Koyukuk River passing the ADF&G operated check station at Ella's Cabin (15 miles upstream from the Yukon on the Koyukuk River) are required to stop and report to ADF&G personnel at the check station. The Area consists of those portions of Units 21 and 24 bounded by a line from the north bank of the Yukon River at Koyukuk, then northerly to the confluences of the Honhosa and Kateel rivers, then northeasterly to the confluences of Billy Hawk Creek and the Huslia River (65° 57' N. lat., 156° 41' W. long.), then easterly to the south end of Solsmunket Lake, then east to Hughes, then south to Little Indian River, then southwesterly to the crest of Hochandochtla Mountain, then southwest to the mouth of Cottonwood Creek, then southwest to Bishop Rock, then westerly along the north bank of the Yukon River (including Koyukuk Island) to the point of beginning.
- The **Northwest Alaska Brown Bear Management Area** is open to brown bear hunting by State registration permit in lieu of a resident tag. The Area consists of Unit 22, except 22(C), and Unit 23, except the Baldwin Peninsula north of the Arctic Circle, Unit 24, and Unit 26(A). No resident tag is required for taking brown bears in the Northwest Alaska Brown Bear Management Area, provided that the hunter has obtained a State registration permit prior to hunting. Aircraft may not be used in the Northwest Alaska Brown Bear Management Area in any manner for brown bear hunting under the authority of a brown bear State registration permit, including transportation of hunters, bears or parts of bears. However, this does not apply to transportation of bear hunters or bear parts by regularly scheduled flights to and between communities by carriers that normally provide scheduled service to this area, nor does it apply to transportation of aircraft to or between publicly owned airports. See Page 17 for sealing requirements.
- Bait may be used to hunt black bear between April 15 and June 30.
- Arctic fox, incidentally taken with a trap or snare intended for red fox, may be used for subsistence purposes.
- Residents of Anaktuvuk Pass who have taken sheep within Gates of the Arctic National Park under the community harvest quota hunt are required to report the taking within 10 days to the Anaktuvuk Pass Village coordinator's office.

- For subsistence use, national parks, monuments and preserves are only open to National Park Service qualified subsistence users. Subsistence users must be local rural residents of National Park Service areas. For more information contact the National Park Service office in Anchorage, Alaska (telephone: 907/257-2649).

An "All rural residents" designation in the following customary and traditional use determinations means that a specific determination has not yet been made.

Hunting
